My dear Mrs Chapman

If the inclosed anecdote can be of any use to you in your liberty bell – I shall be pleased – I need not say to one who understands so truly what freedom is – that you must feel at perfect liberty to do as you please about it – I send it to show my hearty sympathy with your feelings and my wish to do what I may ~~to assist you~~ for the cause – Nor is it the less valuable in your eyes that it is so small a tribute. Mrs Follen hopes to send you something but just now she is very busy –

Yours most truly

Susan C Cabot –

They wait for my note
